RICH UHRICH COINS

Over 200 New Purchases!

May 12, 2010

Greetings!

I've acquired sets of Capped Bust and Seated Half Dimes, plus over 100 more new coins!

I just acquired a full set of Capped Bust and Seated half dimes from a long-time customer. The Capped Bust half dimes range from VF to AU. The Seated half dimes also range from VF thru AU. The 1846 and 1853-O No Arrows are both EF and are being submitted for grading, as well as the 1866 and 1867. Other half dimes acquired include an 1800 and an 1801, a nice VG 1846, two more 1853-O No Arrows, and an 1867 in VF. I've also acquired some 1809, 1811/09, 1822, and 1860-O dimes. Quarters include an 1853 No Arrows in VG, two 1859-S, and a few in the 1880's. Half dollars include an 1801 and 1802, about 20 nice Bust halves, an 1851 in EF, and about 30 other Seated halves. I've acquired the first Bust dollars I've had in a while with a nice 1795 Small Eagle, and a 1799 R5 variety. A few Seated dollars were also acquired. Highlights of these new acquisitions are on the right side of this page.

Some of the coins I acquired are quite difficult to find, so if you need one, please e-mail or call me before someone else does. All of the coins including the pictures have been posted!

SHOW NEWS: I have cancelled my table at the Nashville show May 20-22 as a result of an unforeseen situation beyond my control. The next show is Whitman's Baltimore show June 17-19. If you attend a show where I have a table, please stop by!

MAGNIFYING GLASS ALERT: I just discovered that my ad in the May 11 issue of Numismatic News was shrunk to a tiny print size that is nearly unreadable. Numismatic News has apologized and has agreed to re-run the ad in the correct size in the May 25 issue. All coins in the ad are listed on this website.

Thank you again for your business and enjoy the spring!

benefit from it, recommending a sale price and a net amount for each coin, marketing the coins including writing a description, taking a picture, editing the picture, posting the picture onto the website, and taking the coins to shows. Each of these aspects of my consignment service has a cost in terms of my time and/or money. Accordingly, I have made the following changes to my consignment policy::

- Because of the large number of consignments currently, I have instituted a minimum value of $500 for any coin taken on consignment.
- Two percentage points of the commission will be paid upon listing of coins selling between $500 and $5,000 - - 2% of the sale price will be due when listed, and an additional 8% of the sale price when sold. The total commission is still 10%.
- For coins selling over $5,000, one percentage point will be paid upon listing, and an additional 6% of the sale price when sold. This is an increase, as previously my rate for coins over $5,000 was 5%.

Seated Dollars - 1847 VG-8/F-12, **1850 AU with rubbing**, **1871-CC G+ rim bumps, many scratches**, 1872-S F-12 rim bump and rev. cstp., and 1873 VF-30.
